TOTEMS

We recently designed these fantastic Totems. Available as Metal Signs (400 x 115mm) and Magnets (115 x 33mm). They are based off the classic rail signage found at stations around the country.

Our Metal Sign Totems are made of British steel and printed using naturally derived inks, which come with pre drilled holes for easy hanging.

Our Magnet Totems are made of a pliable magnetic polymer and easily stick to fridges or other metal surfaces!

They can be designed completely bespoke to you! Just speak to a member of our team and we can design and print with any station name.
